- Pump Pressure: 15 Bar

Weight and dimensions
- Coffee bean capacity: 300 gr
- Dump box capacity: 30 servings
- Water tank capacity: 2.4 l

Features
- Cappuccinatore

Highlights

Coffee Customisation
With Saeco you can always easily select the coffee length, intensity, temperature and strength you prefer. Your personal settings are memorised, so you can enjoy your favourite coffee at the touch of a button.

Cup warmer

This feature allows you to not only store your cups and glasses directly on the machine, it also pre-heats them, releasing the aroma even more and guaranteeing a long-lasting crema

Ergonomy
Saeco is a synonym for convenience: refilling beans or water, emptying the coffee-dump box or the drip tray, all compartments are directly accessible.

Auto cleaning and de-scaling

Easy to use and easy maintenance: Thanks to the automatic cleaning and de-scaling cycles, you are guaranteed perfect enjoyment every day and maximum longevity for your machine.

Removable brewing group

The brewing group is at the heart of every fully automatic coffee machine and it should always be kept clean. A task that doesn't get any more convenient than with a Saeco: remove, rinse and re-insert — finished.
